Indian Institute of Packaging

About IIP: The **Indian Institute of Packaging (IIP)** is an autonomous body under the aegis of Ministry of Commerce & Industry, Government of India with its head office at Mumbai and branches are located at Delhi, Kolkata, Chennai, Hyderabad and recently started its activities at Ahmedabad. The main objective of the Institute is to promote the export market by way of innovative package design and development and also to upgrade the packaging standards at National level. Keeping in view of this objective, the Institute has been providing the services to a large number of packaging and user industries in India and the neighbouring countries for the last 53 years.

About National Conference on “Bulk Packaging of Hazardous Goods for Export & UN Certification”

Indian Institute of Packaging is the competent authority for conducting the testing of bulk packages and also to issue the UN certificate for export. The UN certificate acts as a visa or passport for the clearance of consignment for export having packages involved in dangerous goods.

Objective of Conference

- The main objective of the conference is to disseminate information about the significance of UN Certificate for export of hazardous goods.
- To create common platform for exporters involved in activities of hazardous material and the manufactures of packaging materials.
- To educate responsibilities, rules, regulations, and procedures for UN certification to various **Exporters, Shippers, and Transporters** as well as the **Manufacturers of packages** for carriage of hazardous goods.
- To provide knowledge on various test procedure involved in testing and quality control of bulk packages used for carriage of hazardous material.
- To promote export of hazardous goods those declared by UN through sea and air.
