About IIP

भारतीय पैकेजिंग संस्थान
Indian Institute of Packaging

Indian Institute of Packaging (IIP) is an autonomous body under the aegis of Ministry of Commerce & Industry, Government of India with its head office at Mumbai and branches are located at Delhi, Kolkata, Chennai, Hyderabad and recently started its activities at Ahmedabad. The main objective of the Institute is to promote the export market by way of innovative package design and development and also to upgrade the packaging standards at National level. Keeping in view of this objective, the Institute has been providing the services to a large number of packaging and user industries in India and the neighbouring countries for the last 57 years.

Objective of Workshop

Packaging plays a vital role in building the brand image of the product along with other functions of Protection, Preservation and Presentation. It is one of the fastest growing sectors and needs to understand its characteristics. The main objective of this workshop is

- To provide information on various testing parameters and procedures to analyze the characteristics of different packaging materials such as Paper, Paperboard, CFB, Plastics etc.
- To provide knowledge on various test methods used for quality evaluation of packages for food and pharmaceutical sectors.
- To deliver information on specific laws and directives used as safety regulations in food packaging.

Who Should Attend

Anyone who is involved or deals or has inclination in Packaging Industry

- Professionals working in company at various levels which have direct impact on packaging of their products.
- Entrepreneurs to learn the importance of testing and quality evaluation and impact of packaging on growth of their business.
- Personnel working in Production, Purchase, Quality Control, Marketing, R & D and Supplier's of Packaging Materials can also attend to upgrade their skills from this workshop
